

Landscape

If you have time and you enjoy caring for your lawn – watering, mowing, weeding and fertilising to keep it lush and green – then natural grass is the way to go. If you want to enjoy your lawn but life's too busy for trimming, mowing and watering, then synthetic grass is the solution.

TigerTurf designs and manufactures ultra-realistic synthetic lawns to create beautiful outdoor spaces. TigerTurf offers a complete range of grass products to suit all landscaping requirements. All are visually stunning, allowing you to create outdoor spaces that are realistic, comfortable and safe for children and pets.

Whether you are a homeowner wanting a beautifully manicured lawn, a business requiring attractive landscape and workspaces, a landscape designer looking for a unique solution for your clients or a council needing to provide natural landscapes but are restricted by access, maintenance and water suppliestalk to TigerTurf.

Along with virtually no maintenance, the key features that make TigerTurf's landscape products perfect for lawns and gardens and other green areas are:

- No watering
- No mowing
- As Safe as a Toy – EN71-3*
- No allergy-causing grass seeds and cuttings
- No fertiliser used
- Lush and green 365 days a year
- Looks and feels like the real thing
- Constructed with good drainage to dry out quickly
- Child friendly
- Pet friendly
- UV stabilised to minimise fading
- Manufacturers warranty

Because we know our children's safety is a top priority, TigerTurf has tested its products to certify they are free of harmful materials and

has passed the strict criteria test of "EN71-3" under the regulation of Toy Safety Classification. A copy of this test report can be obtained upon request.

Although there is an expense for the initial installation, synthetic turf will save you more than just time. Lasting for many years, your durable TigerTurf lawn will save on the cost of water, fertiliser and purchasing and operating a lawn mower. There are no expensive fertilisers and weed killers to buy and fewer pollutants affecting the environment.

TigerTurf also offer those who suffer from seasonal allergies the chance to relax outdoors on a pollen-free lawn!

So, give your garden the makeover it deserves and free up your time to enjoy it. The perfect lawn – always green; always lush – is a TigerTurf lawn!

***TigerTurf is classified as a SAFE TOY Product - SGS Test "EN71-3 Safety of Toys".**

TigerTurf™ Landscape

Products available in: Asia and South East Asia

Product	Description	Application	Pile Height (mm)	Recommended Usage
Panorama 25	A beautiful and authentic alternative to dry climate natural grass. Panorama incorporates several shades of green yarns with a mix of brown yarns at the root to give it the ultimate authentic look and feel of natural turf. The product has 1.021 gr. pile weight.	Landscape	25mm	Low to Moderate Traffic
Sierra 25	The Sierra line is a premier landscaping product featuring field green and lime green colors paired with a brown thatch and has 1.255 gr. pile weight. Soft to the touch, the intentionally narrow blade design allows the product to accurately resemble real grass. The product's light colors make it ideal for both residential lawns and commercial features.	Landscape	25mm
